

ELECTRICAL ESTIMATOR - MISSISSAUGA

The State Group Inc. has built our reputation and success around conscientious, motivated and dedicated employees many of which find a lifelong career within our organization. We are currently seeking an electrical estimator for our Mississauga, Ontario Head Office location.

Duties and Responsibilities

- Works independently to interpret customer bid requirements to assemble detailed and complete Labour, Material, Equipment, and Expense summaries for review and closing.
- Provides assistance to project managers and field personnel.
- Interfaces with clients and contractors during pre and post-tender applications to develop effective business relationships.
- Conducts cost analysis at completion of project.
- Supports the field as required by assisting in drawing review, scope review and changes.
- In some cases, collaborates with other estimators/divisions within State to help assemble detailed and complete multi-trade proposals.
- Complies with State Group's standards and operating procedures, including those pertaining to ISO9001.

Desired Skills and Experience

- 10+ years electrical estimating experience.
- Consideration will be given to candidates with equivalent education and/or field experience.
- Familiar with medium voltage, distribution voltage and low voltage/fiber wiring systems.
- Familiar with Switch Yard and outdoor substation systems.
- Candidate should be familiar with industrial and commercial projects.
- Experience with contracts.
- Intermediate MS Office skills, including Excel, Word and Outlook.
- Experience with estimating software such as Accubid is an asset.
- Experience in quoting a vast array of project sizes ranging from Service and Maintenance to large multi-disciplined turnkey projects.
- Time management skills; ability to prioritize and execute multiple tasks effectively.
- Has a proven track record in a busy, deadline oriented environment.
- Self-starter with the ability to work independently or as part of a team.
- Strong purchasing and negotiation skills and experience.
- Excellent organizational, interpersonal and communication skills.
- Fire alarm and communications estimating experience will be considered.
